

AUDIO-VISUAL SERVICES

The RiverCenter is pleased to offer in-house audio-visual services to our clients. We provide a wide array of equipment at competitive rates, and have on-site staff for setup, operation, and support whenever you need it. Whether you need an overhead for a training room or a complete video/lighting/sound operation for a conference, we can get you up and running.

By working with the RiverCenter for your audio-visual needs, you eliminate another step in planning your event. We incorporate these needs into all of your other event details.
